## Benefits services available to you:

Wrap Summary Plan Description (SPD) – If you offer group health insurance to your employees, you're required by ERISA law, enforced by the Department of Labor and the Affordable Care Act, to distribute a Wrap SPD within 120 days of the Plan's effective date. The Summary Plan Description, or SPD, is the main vehicle for communicating group health insurance plan rights and obligations to participants and beneficiaries. As the name suggests, it is a summary of the material provisions of the plan document, and it should be understandable to the average participant of the employer. The ERISA and ACA required Group Health Insurance Wrap SPD document is available from Core Documents for a one-time fee of \$99 and can be purchased [here](#).

Section 125 Cafeteria Plan – The Section 125 Plan, also known as a POP (Premium Only Plan) or Cafeteria Plan, is an integral part of any small business owner's employee benefit package because it provides benefits not only to the employee but also the employer. For a one-time set up fee of \$99, this plan allows your employees to purchase health insurance and other accompanying benefits, tax-free. It also eliminates the employer-matching Social Security and Medicare taxes, as well as some Federal and State unemployment taxes. For more information or to purchase your own Section 125 plan for a one-time fee of \$99 from Core Documents, click [here](#).
